3 Easy Steps to Create an SAFE MLO Test Enrollment and Schedule an Appointment

Step 1: Establish an Individual Account in NMLS

Please visit the NMLS Resource Center for information on how to create an account. You can also reference the [Create an Individual Account](#) Quick Guide, which provides step-by-step instruction.

Step 2: Create and Pay for a Test Enrollment Window

After you have established an account on NMLS, you can create and pay for a test enrollment window. *Please note: you can NOT schedule a test appointment without creating and paying for a test enrollment first.*

For information on how to enroll for a test, please refer to the [Test Enrollment Quick Guide for MLOs](#) on the NMLS Resource Center.

Step 3: Schedule a Test Appointment

Once you have created a test enrollment, you are now ready to schedule your test appointment. Please go to the [Test Center Locations](#) page of the NMLS Resource Center to select a test center that is convenient for you. Follow the instructions on the screen to make the appointment.
